

Unity College Spring 5K - April 17

This is a great course to build up your ego early in the season. The start is on a hill and although it is an out and back course, the finish line is at the bottom of the hill. Paula Emery set a new course record with a 18:02, bettering Bryn Doiron old record by 17 seconds. Cliff Rogers not only won his second year in a row but he shaved 26 seconds off last years time. A real "value race". Only \$3 for race day registration!
