

# Back Bay 5K - Portland - May 27

There are more than 4 races run on this course during the year. Although the course is certified, some of the races are not run per the certification. This one was. This evening race (7:00 p.m. start) is attractive to those who want a race that doesn't cut into their family's weekend activities. A perfect night for a fast race - cloudy with temperatures around 60 producing some good performances. First woman, Bethany Morse, was a standout in the hurdles during high school in Maine. She now lives in Florida. Masters winner Bob McCusker is from MA. Outstanding performance by 12 year old Adam Bowden who finished in 20:15. Russ Connors continues to run well below the USA T&F standards. Could be an exciting year for masters winner Deb Raszmann. USA T&F ME 90008 GN.
