

Epstein's 5K - Brewer - May 9

This beautiful sunny Mothers Day may have negatively impacted on the attendance as family callings were stronger then running even this great race. Epstein's of Maine has gained the reputation of hosting one of the "best value" events in Maine. Polo shirts to all participants, shopping sprees and jeans to the award winners and even roses for the mothers are very attractive. Many of the top men who usually run this race were injured but the women's field was loaded! Team Maine took the first 3 places to win the women's team award while Sub 5 captured the men's. Zachary Capehart, 12, of Bangor ran an outstanding race to win the boys "13 & under" category over a very strong field from all parts of the state. Danielle Donovan, 13, of Presque Isle won the girls "13 & under" while pacing her younger brother Derrick to a 2nd place finish in the boy's "13 and under" division. Robin Emery-Rappa makes the yearly visit home from Boston and, although 46, and continues to dominate the masters division in this race.
