

**100th Boston Marathon
Maine Women's Finishers
April 15, 1996 | Boston, MA**

The historic 100th running of the Boston Marathon brought out a record turnout of runners from Maine. A total of 313 Mainer runners entered the race and 296 finished, an impressive 95%. In all 38,965 entered and 35,868 finished marking the largest Boston Marathon field in the history of the event, organizers expanded the field for the centennial running by offering a lottery in addition to the traditional method using qualifying standards. Another first, the 1996 Boston Marathon was the first major US marathon to use the Champion Chip a small transponder that was attached to every participant's shoe. These devices recorded individual times (chip) as well as official times (gun). For the first time runners knew that their individual (chip) time wouldn't begin until they reached the start line. It helped to create an atmosphere where there was no sense of urgency to get to the start as quickly as possible. Most participants understood that the "100th" was an event to be savored and not raced. The list of finishers from Maine contains many veterans out for any "easy" run and many first time Boston marathoners who all ran as a tribute to the long and great history of this event.

Women 18-39

overall place & name	town	guntime	chip time	age	gender place
1530. Jo-ann M. Nealey	Northport	2:55:39	2:54:19	35	58
3494. Donna C. Hurley	Spruce Head	3:08:20	3:06:16	38	130
3700. Julie L. McGee	Waterville	3:09:20	3:06:55	36	139
5111. Mary E. Meehan	Topsham	3:16.16	3:14:45	30	212
