

**1st Annual Crooked Road
5-Miler
May 14, 2006 | Town Hill to
Hull's Cove**

Race report & results:

The first annual Crow Athletics Crooked Road 5-Miler was held under blue skies and perfect conditions. The new route attracted a small but dedicated group of runners from all across Maine, and as far away as Berkeley, California. The overall winner of the event was 18-year-old Cassie Hintz of Stillwater, who blazed the course in 29:35. She set the tone for the day as women out numbered men's competitors in what might be a perfect statement for women on Mother's Day.

The Town Hill Market provided pre-race coffee and pastries, while Atlantic Brewing & Knox Road Grille provided the perfect venue for the awards ceremony as well as post-race libations.
